Conditional Receipt

including notices required by the
Fair Credit Reporting Act
and the
Medical Information Bureau (MIB)

The following Conditional Receipt is issued by Assurity Life Insurance Company when the full initial premium is collected from the Proposed Insured/Owner at the time the application is completed. The full initial premium may be collected when the amount of in-force and applied for individual life coverage, including the present value of future benefits of any reversionary annuity policy, with Assurity Life Insurance Company does not exceed \$500,000. This \$500,000 limit applies to applications on which the Proposed Insured has fully and accurately answered all health questions indicating no significant health problems. Individual life applications may be accepted without the health questions answered if the Proposed Insured is to be medically examined. However, in these cases, the full initial premium can be collected only when the in-force and applied for coverage, including the present value of future benefits of any reversionary annuity policy, does not exceed \$100,000 with Assurity Life Insurance Company. The full initial premium may also be collected for individual disability coverage when the amount of in-force and applied for individual disability coverage (base policy Monthly Benefits plus SDIR Monthly Benefit) with Assurity Life Insurance Company does not exceed \$2,500 per month. Applications with in-force and applied for amounts that exceed these limits, or where the Proposed Insured has significant health problems, must be handled on a Cash On Delivery (C.O.D.) basis.

In addition to the above insurance limits, issuing a Conditional Receipt requires **full modal payment** (including PAC authorization and sample check for PAC mode, if applicable). A Conditional Receipt may **not** be issued in exchange for a postdated check or a partial premium payment. **Payment in this manner in no way conditionally binds Assurity Life Insurance Company.**

Following the Conditional Receipt are two notices required to be given to the Proposed Insured. The federal **Fair Credit Reporting Act** notice explains the nature of investigative consumer reports, and explains the Proposed Insured's rights if such a report is requested. The disclosure regarding the **Medical Information Bureau (MIB)** informs the Proposed Insured of restrictions on obtaining and disclosing confidential medical information.

Conditional Receipt

Assurity Life Insurance Company • Lincoln, Nebraska

The Proposed Insured/Owner's payment of the full initial premium and acceptance of this Conditional Receipt constitutes the Proposed Insured/Owner's acceptance of its terms and conditions. Unless all terms and conditions are fulfilled exactly, no insurance will become effective prior to policy delivery. In all events, any insurance provided is subject to the stated limits. No agent is authorized to change or waive any conditions or limits. Please make **all** premium checks payable to "Assurity Life Insurance Company". Please **do not** make checks payable to the agent or leave "payee" blank.

In such case, the Company's only liability and obligation is to promptly refund the premium payment received.
2. If, on the applicable date, the Proposed Insured was acceptable for the plan and amount of insurance applied for, without modification, under Assurity's rules, limits and standards of insurability, coverage will be effective the later of i) the date of application, or ii) the date any medical examination of the Proposed Insured is completed, if required by the Company. Insurance will be issued at Assurity's standard premium rates applicable to the Proposed Insured's age and occupation on the applicable effective date.

BLOOD TESTING MAY INCLUDE AIDS VIRUS (HIV) ANTIBODY/ANTIGEN TESTING

INSURER: Assurity Life Insurance Company • P.O. Box 82533 • 1526 K Street • Lincoln, Nebraska 68501-2533

CONSENT FOR HIV TESTING

To evaluate your insurability, the insurer named above (*the Insurer*) has requested that you provide a sample of your blood or urine for testing and analysis to determine the presence of Human Immunodeficiency Virus (*HIV*) antibodies. By signing and dating this form, you agree that this test may be performed and that underwriting decisions will be based on the test results. You may have ten (10) days to decide whether you wish to sign this form. You may refuse to be tested. However, such refusal may be used by the Insurer as a reason to deny coverage.

PRE-TEST COUNSELING CONSIDERATIONS

Many public health organizations have recommended that before taking an HIV antibody/antigen test, a person seek counseling to become fully informed concerning the implications of such test. You may wish to consider obtaining such counseling, at your own expense, prior to being tested. Free confidential counseling is available in most Arizona communities. If you need information about the availability of counseling in your area, contact your county health department or:

Phoenix Metropolitan area: 253-2437
(*Arizona AIDS Information Line*)

Outside the Phoenix area: 1-800-334-1540
(*Arizona Department of Health Services*)

INFORMATION ON HIV

The Human Immunodeficiency Virus (*HIV*) is the virus that causes Acquired Immune Deficiency Syndrome (*AIDS*). HIV is spread through the exchange of blood (*including transfusion*), sexual fluids (*semen and vaginal secretions*) and sometimes through breast milk. HIV is not spread through casual contact, such as eating with or touching a person infected with the virus. There is no medical evidence that HIV is spread by kissing.

Persons most at risk of contracting HIV are men who have sex with other men; intravenous ("IV") drug users; prostitutes (*male or female*); persons who have had many sexual partners since 1977; persons who received transfusions of blood or blood products prior to March, 1985; the sexual partners of persons in any of these groups; and infants born to infected mothers. HIV can be transmitted from mother to baby during pregnancy or childbirth.

HIV TESTING

There are several laboratory tests for HIV. The most common is the antibody test, which is a blood test that detects antibodies produced by the body in response to infection with HIV.

A positive antibody test consists of repeatedly reactive (*the same specimen testing positive twice*) enzyme immunoassay (*EIA*) and a reactive Western blot (*supplementary test*). A positive antibody test means that an individual is infected with HIV; however, this does not always mean that the individual has AIDS. Research indicates that early and regular medical care is important to the health of a person with HIV. Certain treatments are now available to delay HIV-associated illnesses.

A negative antibody test indicates that no detectable antibodies are present in the blood. An individual may not have antibodies because the individual is not infected with HIV or because detectable antibodies have not yet been made in response to infection. The production of these antibodies could take three months or longer. Therefore, in certain cases, an individual may be infected with HIV and yet test negative. Individuals with a history of HIV risk behaviors within the past three to six months should consider retesting.

Like any test, HIV testing is not 100 percent reliable and may occasionally produce both false positive and false negative results.

MEANS TO REDUCE RISK FOR CONTRACTING OR SPREADING HIV

Risk of contracting or spreading HIV can be reduced by avoiding or decreasing contact with blood and sexual fluids (*semen and vaginal secretions*). Some methods of decreasing the risk of contracting or spreading HIV include abstaining from sexual intercourse, using methods that limit exposure to body fluids during intercourse (*such as the proper use of condoms*), not engaging in injecting drug use, not sharing needles, or using bleach and water to clean needles and syringes.

DISCLOSURE OF TEST RESULTS

All test results are required to be treated confidentially. The results of this test will be reported to the Insurer identified on this form. Results of this test will not be otherwise disclosed without your written consent except as required or allowed by law, including but not limited to, the release of information to the Department of Health Services as provided by law.
