TeleApp Producer Instructions

The TeleApp process is optional and available for use with all Individual Disability Insurance applications, occupation classes and underwriting programs. The Standard recommends that you choose this option to reduce call backs to your customers as well as for faster, more efficient underwriting.

Here's how to proceed with a TeleApp:

- **Use the application form (DIAPP) and all other forms in the Application Packet for your state.** (See Checklist and Cover Sheet)
- **Complete all application questions except the medical questions on pages 4 and 5 of the DIAPP form.** (You might need to check your state version to see which pages are medical only)
- **You and your customer must complete the financial questions and submit the required income documentation,** as the TeleApp vendor (LifePlans, Inc.) will not ask these questions.
- **You must obtain detailed information for numbers 1 – 4 on the Discussion Topics form (included in the application packet).** The information to be discussed includes:
 1. The proposed insured's height and weight.
 2. The proposed insured's significant health history requiring hospitalization, long term treatment and/or surgery and any prescription or over the counter medications.
 3. Whether the proposed insured is taking any anti-depression or anxiety medication or seeing any counselors and, if so, the reason(s).
 4. Any use of tobacco products or nicotine substitutes.
- **Record responses to the topics either on the Producer Information Report form (in this application packet) or on the Discussion Topics form itself. Then submit them with the application and all other applicable forms in the Application Packet.**

If your customer discloses medical history in discussing the topics above, contact your underwriter at The Standard before you submit the application. This will help The Standard to manage your customer's expectations with regard to their application.

- **The Standard will order a telephone interview once the completed application and the discussion topics information have been received.**

Please let your customers know that LifePlans, which will conduct the telephone interview, will contact them to schedule an interview. Since the interviews are completed by nursing personnel, your customers will not be able to call LifePlans to complete their interviews. This practice ensures that a nurse is available and your customer is fully prepared for the interview.

Please advise your customer to be ready with details of medical history, including names of physicians, dates and medications.

I understand that it is necessary for Standard Insurance Company (Standard) to collect and review personal information about me in order to offer and administer insurance products. I understand this personal information may include information about my age, occupation, avocations, driving record, travel, aviation, character, general reputation, personal characteristics and activities, mode of living, income and finances and other insurance. I also understand that personal information may include health information related to medical history, examinations, diagnoses, prognoses, test results, prescriptions and treatments of any physical or mental conditions.

Authorization to Obtain Personal Information

I authorize MIB, Inc. (Medical Information Bureau), and any licensed physician, medical professional, health care provider, hospital, medical or medically-related facility, clinic, pharmacy, alcohol or drug treatment facility, insurance or reinsurance company, insurance sales representative, consumer reporting agency, government department or agency, employer, and any other person, organization or institution having records or knowledge of me, to release personal information about me, as described above, to Standard, its reinsurers, and any insurance support organization acting on behalf of Standard. I further authorize Standard to request and obtain an investigative consumer report about me from a consumer reporting agency, as described in the Disclosure Notice-Information Practices.

Authorization to Use Personal Information

I authorize Standard to use personal information obtained about me for the purposes of evaluating eligibility for insurance and reinsurance, determining appropriate premium rates, evaluating claims for insurance benefits and conducting other legally permissible activities that relate to my application and insurance coverage.

Authorization to Disclose Personal Information

I authorize Standard to disclose personal information about me to Standard's reinsurers, MIB, Inc., other insurance companies to whom I have applied or may apply for insurance, and to organizations or persons, including insurance sales representatives, performing business services for Standard related to my application and policy administration. No other disclosure may be made without my further authorization, except to the extent necessary for the conduct of Standard's business or as permitted or required by law. I understand that any health information that is disclosed pursuant to this Authorization may be subject to redisclosure as permitted or required by law and may no longer be protected by federal laws governing privacy and confidentiality of health information.

Certain Types of Health Information

I understand that certain health information cannot be released without my specific consent, in accordance with federal and state laws. I hereby expressly consent to the release of information related to my use of alcohol, drugs and tobacco; diagnosis or treatment of Acquired Immune Deficiency Syndrome (AIDS), Human Immunodeficiency Virus (HIV) and sexually transmitted diseases; and diagnosis and treatment of psychological or mental illness (excluding psychotherapy notes). Expiration and Revocation

This Authorization will expire automatically twenty-four (24) months following the date of my signature below. I understand that I have the right to revoke this Authorization at any time by sending a written request for revocation to Standard Insurance Company, Attention: Individual Disability Insurance Underwriting, 1100 SW Sixth Avenue, Portland, Oregon 97204-1093. Revocation of this Authorization, or failure to sign this Authorization, will impair Standard's ability to evaluate or process my application and may be a basis for denying my application for insurance coverage. I acknowledge that I have read and received a copy of the Disclosure Notice-Information Practices. A copy of this Authorization will be provided to me upon request. A photocopy or facsimile of this Authorization is as valid as the original. Any alteration made to this Authorization will render it invalid and unacceptable by Standard.

AIDS:

Acquired Immune Deficiency Syndrome (AIDS) is a life threatening disorder of the immune system, caused by an HIV virus. The virus is transmitted by sexual contact with an infected person, from an infected mother to her newborn infant, or by exposure to infected blood (as in needle sharing during intravenous drug use). Persons at high risk of contracting AIDS include males who have had sexual contact with another male, intravenous drug users, hemophiliacs, and sexual contacts of any of these persons. AIDS does not typically develop until a person has been infected with HIV for several years. A person may remain free of symptoms for years after becoming infected. Infected persons have a significant chance of developing AIDS over the next 10 years.

THE HIV TEST:

Before consenting to testing, please read the following important information:

1. **Purpose.** These tests are being performed to determine whether you may have been infected with HIV. If you are infected, you are not insurable. These tests do not diagnose AIDS.
2. **Positive Test Results.** If your urine, saliva or blood test is HIV positive, you should seek medical follow-up with your personal physician. A positive test result may mean you are infected with the HIV virus.
3. **Accuracy.** An HIV test will be considered positive for the purpose of determining your insurability only after confirmation by a laboratory procedure that the state health officer has determined to be highly accurate. However, no HIV test is 100% accurate. Possible errors include:
 - a. **False positives:** The test may give a positive result, even though you are not infected. This happens only rarely and is more common in persons who have not engaged in high risk behavior. Retesting should be done to help confirm the validity of a positive test.
 - b. **False negatives:** The test may give a negative result, even though you are infected with HIV. This happens most commonly in recently infected persons. It may take at least 4-12 weeks for a positive test result to develop after a person is infected.
4. **Side Effects.** A positive test result may cause you significant anxiety. A positive test may result in your being uninsurable for life, health, or disability insurance policies for which you may apply. Although prohibited by law, discrimination in housing, employment, or public accommodations may result if your test results were to become known to others. A negative result may create a false sense of security.
5. **Disclosure of Results.** A positive or indeterminate test result will be disclosed to you through a physician, health care provider, or health care agency of your choice. If you fail to name a physician or health care provider or agency for this purpose, Standard is required by law to disclose such test results to you through your local county health department. Washington law does not allow Standard to disclose such test results directly to you. If your test results are positive or indeterminate, Washington law requires that counseling be provided to you at the time such results are disclosed to you by the physician, health care provider or agency you name, or by your local county health department, if you fail to make such designation.
6. **Confidentiality.** Like all medical information, HIV test results are confidential. An insurer, insurance agent, or insurance-support organization is required to maintain the confidentiality of HIV test results. However, certain disclosures of your test results may occur, including those authorized by consent forms that you signed as part of your overall application. If your test result is HIV positive, Standard will report a generic code signifying a nonspecific abnormal urine, oral fluid (saliva) or blood test to the Medical Information Bureau (MIB), which operates an information exchange on behalf of its member insurance companies. The Disclosure Notice in your Standard application for insurance gives information about the MIB.
7. **Prevention.** Persons who have a history of high risk behavior should change their behavior to prevent getting or giving AIDS, regardless of whether they are tested. Specific important changes in behavior include safe sex practices (including condom use for sexual contact with someone other than a long-term monogamous partner) and not sharing needles.
8. **Information.** You may obtain further information about HIV testing and AIDS by contacting the organizations in the list of HIV Antibody Testing/Counseling Services in Washington, or by calling a National AIDS hotline at 1-800-342-AIDS.

I authorize Standard Insurance Company of Portland, Oregon, its employees, its agents and entities acting on its behalf to obtain and evaluate urine, saliva and blood tests as Standard determines necessary to determine whether I am infected with the HIV (human immunodeficiency virus). I understand and agree to the following:

1. The results of these tests will be used to determine my insurability in connection with my application to Standard for insurance.

I authorize any licensed physician, medical professional, health care provider, hospital, medical or medically-related facility, laboratory, clinic, pharmacy, alcohol or drug treatment facility that has provided medical treatment, care or services to me to disclose my entire medical record and any other health information **solely relating to psychotherapy notes** to Standard Insurance Company (“Standard”) or an insurance support organization acting on behalf of Standard. Psychotherapy notes means notes recorded (in any medium) by a health care provider who is a mental health professional documenting or analyzing the contents of conversation during a private counseling session or a group, joint or family counseling session and that are separated from the rest of my medical record.

By my signature below, I acknowledge that any agreements that I have made to restrict my health information do not apply to this Authorization and I instruct my health care providers to release and disclose my entire medical record relating to psychotherapy notes without restriction.

I understand that the health information to be disclosed to Standard will be used for the purposes of evaluating eligibility for insurance and reinsurance, determining appropriate premium rates, evaluating claims for insurance benefits and conducting other legally permissible activities that relate to my application and insurance coverage. I also understand that any health information that is disclosed pursuant to this Authorization may be subject to redisclosure as permitted or required by law and may no longer be protected by federal laws governing privacy and confidentiality of health information.

This Authorization will expire automatically twenty-four (24) months following the date of my signature below. I understand that I have the right to revoke this Authorization at any time by sending a written request for revocation to Standard Insurance Company, Attention: Individual Underwriting, 1100 SW Sixth Avenue, Portland, Oregon 97204-1093. Revocation of this Authorization, or failure to sign this Authorization, will impair Standard’s ability to evaluate or process my application and may be a basis for denying my application for insurance coverage. I realize that if I do revoke this Authorization it will not affect any collection, use or disclosure of information prior to Standard’s receipt of my revocation and any action taken before Standard receives my written revocation will be valid.

I acknowledge that I have read this Authorization and that I have the right to receive a copy of this Authorization upon request. A photocopy or facsimile of this Authorization is as valid as the original.

**Notice to Applicant
Regarding Replacement of
Accident and Sickness Insurance**

According to your application, you intend to lapse or otherwise terminate existing accident and sickness insurance and replace it with a policy to be issued by Standard Insurance Company. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new policy.

1. Health conditions which you may presently have (pre-existing conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy.
2. You may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interests to make sure you understand all the relevant factors involved in replacing your present coverage.
3. If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical/health history. Failure to include all material medical information on an application may provide a basis for the insurer to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, re-read it carefully to be certain that all information has been properly recorded.
