- D** = 100% increase

Policy Provisions (may vary by state)

TOTAL DISABILITY

During the first 24 months after the Elimination Period, benefits are paid to the Insured if he/she is unable, because of sickness or injury, to perform the important substantial and material duties of his/her **own** occupation and requires a physician's care.

After benefits have been paid for 24 months, benefits are paid to the Insured if he/she is unable to perform the substantial and material duties of **any** occupation for which he/she is fitted by education, training, and experience, requires a physician's care and the Insured is not engaged in any job for wage or profit.

PRESUMPTIVE DISABILITY

A presumptive disability provision is included that presumes Total Disability if the Insured suffers total loss of speech, hearing, or sight, severance and loss of both feet, severance and loss of both hands, or severance and loss of one hand and one foot.

The Elimination Period is waived and the full Monthly Benefits will be paid for the Maximum Benefit Period, whether or not the Insured is able to work.

RECURRENT DISABILITY

A second disability is considered a continuation of a previous disability unless it is due to an unrelated sickness or injury, or the Insured has returned to work full-time for at least 12 months.

PARTIAL DISABILITY

This provision pays 50% of the Monthly Base Policy Benefit amount for each month of a Partial Disability from an insured injury or sickness for up to 6 months, when the Partial Disability immediately follows a period of Total Disability during which Monthly Benefits were paid. The combined Total and Partial Disability benefits cannot extend beyond the Maximum Benefit Period. Partial Disability is a sickness or injury that keeps the Insured from being employed on a full-time basis.

REHABILITATION BENEFIT

If the Insured is totally disabled and receiving Monthly Benefits, Assurity will consider helping to pay the costs of a rehabilitation program. Assurity will determine the amount paid, but it will not exceed the total of 6 Monthly Benefits. If the Insured's physician advises that the Insured would likely return to work with a rehabilitation program, it will be required. Monthly Benefits will not be paid if the Insured does not take part. If Assurity requires such a program, the Insured may be paid more than the "6 times the Monthly Benefit" limit. **(Required participation in rehabilitation program may vary by state.)**

SURVIVOR BENEFIT

A survivor benefit is available at no additional cost, paying a lump sum benefit to a named Beneficiary in the event the Insured has been receiving disability benefits for 12 months and then dies. The lump sum death benefit is 6 times the Monthly Benefit. If no Beneficiary is named, the survivor benefit will be paid to the Insured's estate.

WAIVER OF PREMIUM

Premiums are waived following 90 days of Total Disability, or following the Elimination Period, if longer. Any premium paid that was paid during that period will be refunded. Waiver stops when Total Disability stops **or** at the end of the Maximum Benefit Period, whichever is first.

Optional Benefits — Available only at time of application (may vary by state).

SUPPLEMENTAL DISABILITY INCOME RIDER (S.D.I.R.)

This rider coordinates with Social Insurance Program Benefits and offsets this rider's benefits dollar for dollar. Social Insurance Benefits include the following:

- A. **Social Security Disability Benefits** – Includes primary or family disability benefits for which the Insured may become eligible under the U.S. Social Security Act, as amended from time to time, or a similar law of any other country. Any payment under Social Security Retirement provisions will be considered as a Social Security Disability Benefit.
- B. **Worker's Compensation** – Includes compensation benefits under any Worker's Compensation Act or Law or Occupational Disease Law, for which the Insured may become eligible. It also includes insurance that provides benefits under any such Law — in any of the States or Territories of the United States, or similar act or law of any other country.
- C. **Government Retirement and Disability Fund Benefit** – Includes disability compensation, including amounts for dependents, under any Federal, State, County, Municipal or other government subdivision retirement and disability fund for which the Insured may be eligible. Any payment resulting from retirement will be considered a Government Retirement and Disability Fund Benefit.
- D. **Railroad Retirement Disability Fund Benefit** – Includes primary or family disability benefits under the Railroad Retirement Act as amended from time to time. Any payment resulting from the Retirement option will be considered as Railroad Retirement Disability Income.

Benefits under SDIR start after the Elimination Period has been satisfied and payments will be made only while the Monthly Benefit is being paid under the Base Policy for Total Disability.

A lump sum payment of Social Insurance Benefits will be treated as if it was received over several months. The lump sum will be *divided* by the Supplemental Disability Income Benefit and the result will be the number of months the benefit is not paid. Any remainder reduces the next payable month's benefit. Assurity will not seek a refund of benefits paid before the lump sum was received.

NON-CANCELABLE RIDER – Available in Classes 4A and 3A to Standard risks

When the Non-Cancelable Rider is added to the 1-, 2-, and 5-year benefit periods, the Policy becomes renewable with guaranteed rates up to age 65. The Non-Cancelable rider is **not** available for the "To Age 65" Benefit Period.

5-YEAR OWN OCCUPATION RIDER – Available in Classes 4A and 3A and for the 5-Year and "To Age 65" Benefit Period

Extends own occupation definition of the definition of Total Disability from 2 years to 5 years.

Optional Benefits (continued)

HOSPITAL BENEFIT RIDER

Available in all Classes. The Monthly Hospital Benefit will equal the base policy Monthly Benefit. Pays a Monthly Hospital Benefit for each month of confinement for up to 6 months for an Insured injury or sickness. Benefits begin on the first day of hospital confinement without regard to the Elimination Period of the base policy. If the Insured is in the hospital less than a month, payment will be 1/30th of the Monthly Hospital Benefit for each day the Insured is in the hospital.

Hospital: An institution which

- is licensed as a Hospital (if required)
- is open at all times;
- provides medical care on an inpatient basis;
- has nursing services at all times;
- has diagnosis and major surgery facilities; and
- is not a clinic, nursing home, long-term care facility or similar institution.

A Hospital can meet the major surgery requirement by arrangement with another Hospital.

GUARANTEED INSURABILITY RIDER – Available in all Classes to Standard risks.

Issue Ages — 18-45

Issue Amount — Minimum of 2 units; Maximum of 6 units

The number of units of GIR must equal the number of hundreds of base policy Monthly Benefit, subject to the maximum of 6 units of GIR.

Enables a non-disabled Insured to increase coverage five times before the Insured's 55th birthday, regardless of health status or occupation. Options may be exercised any time 24 months or more from the policy effective date, but there must be a period of at least 24 months between option exercises.

Each unit of GIR will purchase \$100 of additional base policy Monthly Benefit. Combined total of all increases may not exceed 2 times the original base policy Monthly Benefit. Increases are subject to Issue and Participation Limits. An option cannot be exercised if the Insured is totally disabled or receiving Residual, Total or Partial Disability Monthly Benefits. The policy and this rider must be in force when an option is taken.

Optional Benefits (continued)

CATASTROPHIC DISABILITY RIDER – Available in all Classes to Standard and Substandard.

Issue Ages:

18-55 for 1-, 2-, and 5-year Benefit Periods

56-60 for 1- and 2-year Benefit Periods

Not available with 30-day elimination periods.

This rider will provide a Disability Benefit if

- the Insured's Total Disability continues beyond the Maximum Benefit Period of the Policy, and
- the Insured requires assistance or supervision with at least two of six Activities of Daily Living (bathing, toileting, transferring, continence, eating, dressing), OR
- is Cognitively Impaired, and
- is not engaged in any job for wage or profit, and
- a Physician has certified the Catastrophic Disability with a plan of treatment.

The rider extends the total Benefit Period payable under the base policy to a total of 5 or 10 years. Allowable combinations of base policy Benefit Periods and Catastrophic Disability Benefit Periods are:

1 year base Policy Benefit Period – 4 year CDR Benefit Period

1 year base Policy Benefit Period – 9 year CDR Benefit Period

2 year base Policy Benefit Period – 3 year CDR Benefit Period

2 year base Policy Benefit Period – 8 year CDR Benefit Period

5 year base Policy Benefit Period – 5 year CDR Benefit Period

AUTOMATIC BENEFIT INCREASE RIDER – Available in all Classes.

This rider provides for an annual increase equal to **5%** of the original Base Policy Monthly Benefit amount on each anniversary of satisfying the elimination period. The lifetime cap on Monthly Benefit amounts is two times the original base policy Monthly Benefit.

If the Insured recovers from Total Disability and there was a Monthly Benefit increase under this rider, the Insured can increase the base policy Monthly Benefit to the amount of the last Monthly Benefit payment.

To obtain the increase, the Insured must:

- be under age 60,
- apply within 90 days of the end of Total Disability, and
- have a full-time job.

A new premium for the increase will be charged, based on our then current rates and the Insured's attained age. The new premium must be paid within 31 days of the increase.

Optional Benefits (continued)

RESIDUAL BENEFIT RIDER – Available in Classes 2A, 3A, and 4A to Standard risks for all Benefit Periods.

This rider will provide a Monthly Benefit for Residual Disability, subject to the terms and provisions of the Policy. Payment of the benefit is subject to the Maximum Benefit Period shown on the Policy Schedule, not to exceed five years, less any period during which Total Disability Benefits were payable. The same Elimination Period as the Policy applies to this rider.

This rider provides a Monthly Benefit payment, which is equal to the percentage of income loss caused by a Residual Disability. The minimum percentage of income loss needed to qualify for the Residual Disability Benefit is 20% of prior earnings. If loss of prior earnings is more than 80%, the loss is considered to be 100%. Residual Disability Benefits are not payable when a Total Disability Monthly Benefit is payable. In no event will the Residual Disability Benefit be greater than the Total Disability Benefit.

Assurity may require any evidence needed to determine prior earnings and current earnings prior to and during a period of Residual Disability. From time to time, Assurity may require certified audits to verify such evidence.

RETURN OF PREMIUM RIDER – Available in all Classes to Standard and Substandard.

Issue ages — 18-55

This rider will provide a return of premium paid for the policy and all riders to the Insured, minus any claims paid. The amount of premium returned will be based on a scale determined by the issue age of the policyholder and the amount of time the policy was in force. There is no refund available until the policy has been in force for three full Policy years.

For applicants age 18 through 44 years at the time of issue, the minimum return percentage is five after three complete years, continuing on a defined schedule up to 100 percent after 25 years or more. For applicants age 45 through 55 years of age, the minimum return percentage is five percent after three full years, continuing on a defined schedule up to 50 percent after ten years.

All return premium amounts will be calculated as all premium paid, multiplied by the total percentage shown in the schedule, less the total of all benefits paid, including all premiums waived under the waiver of premium provision.

HOME MODIFICATION BENEFIT – Available in all Classes to Standard and Substandard

This is a no cost rider.

This rider will provide a one time, lifetime benefit of \$1000 for the modification of the policyholder's current existing residence due to the Insured's present Total Disability. This rider is intended to assist with the improvement of access to or use of the facilities of the Insured's current residence.

RETROACTIVE INJURY BENEFIT RIDER – Available in all Classes to Standard and Substandard.

This rider will provide a lump sum amount at the end of the Elimination Period equal to the Total Disability Monthly Benefit times the Elimination Period in days divided by 30, if an injury causes Total Disability within 30 days of such injury and the Insured is Totally Disabled continuously from the injury for the entire Elimination Period.

Conditions included under the mental/nervous part of this limitation include any disorder classified in the *Diagnostic and Statistical Manual of Mental Disorders* published by the American Psychiatric Association.

FOREIGN TRAVEL

The policy will only pay up to 3 Monthly Benefits for any Total Disability sustained or continued outside the United States, Canada or Mexico. If the Insured remains totally disabled upon return to any of these countries, benefits will resume up to the Maximum Benefit Period, as long as the Insured is totally disabled.

Limitations (continued)

PRE-EXISTING CONDITIONS

Financial Guidelines

EARNED INCOME

Earned income is the gross income from the applicant's occupation, including salary, wages, bonuses, fees and any other compensation received from all sources for work performed by the applicant. If the applicant is self-employed or owns any part of a business, earned income is the applicant's share of income earned by the business, plus the salary or draw from the business, minus the applicant's share of business expenses that are deductible for income tax.

INCOME VERIFICATION

Income verification will be required as part of the underwriting process:

- A.** If the applicant is not self-employed and the amount applied for exceeds \$3,000 of monthly income, a copy of either:
- the two most recent pay stubs,
 - a W-2 Form, **or**
 - a tax return is required.

NOTE: Any 2A applicant desiring a "To Age 65" Benefit Period must supply income documentation regardless of the amount of Monthly Benefit applied for with Assurity (see page 4, Benefit Periods).

- B.** When the applicant is self-employed or a commissioned salesperson and the amount applied for exceeds \$2,000 of monthly income, a copy of the most recent tax return, with all schedules and W-2 Forms, is required.
- C.** When the applicant is self-employed or is a commissioned salesperson, and he or she is applying for the "To Age 65" Benefit Period and amount exceeds \$2,000 per month, copies of two years' tax returns, with all schedules and W-2 Forms, are required; an average of the two years will be used.

UNEARNED INCOME

Any kind of unearned income, such as rental property or interest income, that continues even if the Insured is totally disabled, does not qualify as earned income. Pension or retirement benefits would also be considered as unearned income. If unearned income is greater than 15% of earned income, the total Monthly Base Policy Benefit available at issue is reduced by one half of the monthly unearned income.

Financial Guidelines (continued)

OTHER INCOME PROTECTION

Other sources of income protection need to be taken into consideration in order to avoid over-insurance. Other sources of income protection include group disability income, salary continuation, social insurance disability, retirement disability, and other individual disability income. Unless being replaced, these in-force coverages must be subtracted from the maximum total amount of Monthly Benefit, subject to Issue and Participation Limits.

SELF-EMPLOYED APPLICANTS WITH MINIMAL NET INCOME

Many self-employed individuals capitalize on depreciation and expenses to report little or no income for income tax purposes. However, these individuals may be eligible for a small disability income policy if:

- A. Self-employed in the same business for two years.
- B. Self-employed on a full-time basis.
- C. Under age 50 at the time of the application.
- D. Not showing a business loss on the most recent tax return.

Assurity will consider up to \$600 (\$300 base policy, \$300 SDIR) of Monthly Income with a 1-, 2-, or 5-year Benefit Period for these applicants. The Elimination Period must be at least 60 days and no other benefits or riders are available.

MAXIMUM ISSUE AND PARTICIPATION LIMITS

The maximum issue and participation limits are those indicated below. Requests for higher limits may be made in Classes 4A and 3A, but are subject to availability of reinsurance.

- **Class 4A** — \$9,000
- **Class 3A** — \$9,000
- **Class 2A** — \$7,500
- **Class 1A** — \$6,000

The participation limit includes all monthly disability income already in force with Assurity or any of its affiliates or with any other company under individual or group policies.

Financial Guidelines (continued)

TABLE OF ISSUE LIMITS BY INCOME LEVEL

The minimum issue is \$500 of Monthly Benefit. The \$500 minimum issue limit may be met through a combination of base policy and SDIR, but the base policy must be at least \$200 and the SDIR must be at least \$100. Prospects earning less than \$1,200 of monthly earned income are not eligible.

The maximum issue limit will depend on the applicant's occupation class, earned income and existing disability coverage. The application must clearly list all other disability coverages in-force and applied for.

For business owners with at least 25 percent ownership, net income can be enhanced up to a 15 percent increase to determine the amount of benefits in the table below. The maximum increase in the Base benefit is \$750 and the SDIR can be increased up the \$1,200 limit, if the income allows. Issue and Participation limits for occupational classes still apply.

SPECIAL OCCUPATIONS

Government Employees

Federal, State, County, and City employees are considered in the Occupational Schedule under appropriate classification for their job duties. This section also includes Law Enforcement, Fire Fighters, and Postal Workers.

Benefits allowed under this policy take into account that the SDIR offsets **dollar for dollar** any Social Insurance benefits received, while the base policy benefit does not. Therefore, Assurity will allow up to a maximum of \$1,000 Base Policy Benefit and up to the maximum SDIR Benefit as determined by the Table of Issue Limits by Income Level. If there is any other individual or group disability income insurance in force in addition to any government coverage, a Policy will not be offered.

The Guaranteed Insurability Rider is not available.

Railroad Employees

The benefit maximums for Railroad employees will be the same as those used for Government employees.

Teachers

If teachers are covered under any type of Teachers' Disability Retirement Plan, the benefit maximums will be the same as those used for Government employees.

Casino Employees

The normal benefit maximums for casino employees directly involved in gaming activities will be allowed based on salary, with the following guidelines:

- Gambling must be legalized in that state.
- The casino must be operated in accordance with the law.

All casino employees directly involved with gaming activities are classified as 1A. (Employees of casinos who are not involved with gaming activities are not considered "casino employees" and will not be subject to the above limitations. Example: Casino Restaurant Manager would be classified as 3A.)

NOTE: See the separate **Occupational Schedule** for a complete listing of occupations and their classes.

CHANGES IN COVERAGE

Increasing Coverage

To **increase** the amount of the base policy benefit or the SDIR benefit, to **increase** the Benefit Period or to **decrease** the Elimination Period, a new application for coverage is required.

There are two methods for increasing an in-force disability Policy:

1. Complete an application for the amount of the increase in Monthly Disability Benefits and make arrangements for any needed medical requirements. When the application is approved, the new Policy will be issued for the amount of the increase. The Insured will then have two disability policies in force with Assurity. **OR**
2. Complete an application for the total amount of Monthly Disability Benefit, including the increase desired. Indicate on the application that the new Policy will replace an in-force Policy. Return the in-force Policy to Assurity with the application and make arrangements for any needed medical requirements.

Please note: Replacement forms are required in the states listed on the previous page.

When the application is approved, the new policy will be issued for the total amount of Monthly Disability Benefit using the current date. The in-force policy will be terminated. Commissions will be adjusted according to our normal replacement rules. The incontestable period for the new policy will be two years from the date of issue.

Decreasing Coverage

To **decrease** the Monthly Benefit or **increase** the Elimination Period, a dated written request from the Insured indicating the change is required. When the request is approved, an endorsement showing the changes is sent to the policyowner for addition to the Policy.

REINSTATEMENT OF A LAPSED POLICY

If a disability income policy lapses for nonpayment of a renewal premium, reinstatement can be applied for within 12 months after the date of lapse. In order to reinstate, the following items are required:

- a completed reinstatement application,
- a signed medical authorization, and
- one renewal premium.

If the application is approved, the effective date of reinstatement is the date of approval.
